Helping Hands

CHARITY LUNCHEON AT 8 CONLAY

The classy interiors of 8 Conlay's property gallery in KL came alive with activity and chatter as some of the city's most elegant women came to support Puan Sri Toh Ee Siew-Kua and her fellow big-hearted friends in raising money for Angsana Care, an organisation that helps to improve the quality of life for paediatric palliative care patients and their families. Donning oriental-themed colours and dresses, guests enjoyed catching up with each other over a scrumptious lunch. Puan Sri Kua, who is a qualified Nordic Walking instructor, went on stage and welcomed everyone to share in her passion for the activity, and spoke of how she will be using her capability to teach others Nordic Walking as a philanthropic project to give back to society.
